2014 Youth Services Directory Foreword

The Brimbank/Melton Local Learning and Employment Network (BMLEN) is an independent not for profit organisation funded by the Victorian Government, Department of Education and Early Childhood Development (DEECD) and the Australian Government Department of Education, School Business Community Partnership Brokers program.

Our aim is to improve education, training and employment outcomes for young people 10-19 years of age in the municipalities of Brimbank and Melton.

BMLEN is governed by a Committee of Management which is made up of a range of people from industry, government, education and training providers, and the local community. We are a strategic networking organisation that brokers partnerships for and between education and training providers, businesses and industry, community organisations, parents and families, and young people, to achieve our strategic goals.

For more information see our website www.bmlen.com.au
